

VOLLEYBALL

Help Support Webber International University

VOLLEYBALL

Become a sponsor of Webber International University by displaying your name on an oversized banner located at the heart of the campus. Webber's campus offers three beautiful lakeside beach volleyball courts which are used year round for competitive and recreational play. WIU's volleyball team hosts several camps and tournaments which drive in people from all over the state. In hopes of promoting the sport of beach volleyball in Florida, the courts are welcome to any and all locals who play beach volleyball. They are also used as a practice site for travel volleyball leagues ranging from players in elementary to high school. In addition, in order to match the mass exposure of the growing sport, Webber is attempting to start the very first ever collegiate level beach volleyball conference.

The banners will be secured in the ground around each court .They are thick, double-sided, and are made of durable materials. Your company's name will gain exposure not only to all students and faculty members, but also to all participants in the camps and tournaments that Webber hosts.
